PHOTO EDITION!

For this newsletter, we decided to do something a little different and give you an opportunity to get acquainted with our new country by seeing for yourself some of the things we have been involved with. Hope you enjoy the photos & thank you for supporting us financially and in prayer. We are here because you obeyed!

(the church is growing rapidly in Madagascar, with people getting saved everyday. Here is a new believer being baptized at a service I preached at recently.)

YES, WE ARE IN MADAGASCAR!

We arrived in Madagascar on June 28 and were greeted by the national leaders of the Assemblies of God of Madagascar. For the last 4 months our lives have been filled with many things.

Settling into a new home, endless government forms and regulations, learning to live in an African culture, traveling dirt roads, and many cases of intestinal virus's, just to name a few. But our life has also been filled with building new relationships, ministering in many churches, preaching evangelistic services, ministering to youth, teaching in the Bible School and homeschooling for the kids.

(our newly ordained ministers. We need many more as we desire to start 500 new chuches in the next year! Pray for Laborers!)

(Just for fun! Here are the girls helping me paint their new rabbit hutch. When they left the USA they said goodbye to their pet cat. Now God has blessed them with two cute rabbits!)
