The Year in Review!

What have the Rostorfer's been doing lately?
Read below an overview of the last year!

What's been Happening?

For our family, this has been a year of exciting and sometimes uncertain times. While we have enjoyed wonderful ministry in the churches and among the Malagasy people, there has been challenges as well. In March of this year, due to circumstances, we were evacuated for a month. But upon returning, we were able to continue in most areas of ministry. Also, this year we were able to celebrate 20 years of ministry and marriage. God has been faithful and blessed us in so many ways.

It has also been a year of blessing and challenges financially. Due to the political crisis, it has caused the cost of living to go up here. Plus with the financial crisis in the USA, we have seen a decrease in those giving to our ministry. But we are very thankful to each of our supporters who have been able to continue to give. We know God will continue to provide.

Crisis Continues!

It's hard to believe that over a year ago, the political crisis started here in Madagascar. During that year there have been riots, looting, violence resulting in loss of life and continual unrest. In addition thousands have lost their jobs and millions of dollars in international support have been cut. Crime is up 400% and people are suffering. And to date, there appears to be no solution to this political struggle. But we are confident that God will intervene if His people will pray. So please join us as we believe for peace to return to our island.

Please pray for:

- peace politically
- New churches to be started
- God to provide for the church
- Safety for us & other missionaries
- Financial Provision for us
